

The designation has been awarded based on the designation rules and on the recognition of accreditations, registration numbers L 022 and I 327, issued by Dutch Accreditation Council, RvA, The Netherlands.

The designation is bound to compliance with the designation rules of the KBA as amended and to the accreditation on which the designation is based. The KBA must immediately be informed about amendments to this accreditation or its termination.

The designated technical service is recognised by the KBA for type approval procedures.

The designation is published by the KBA (<http://www.kba.de>). This certificate becomes void with cancellation of the published entry.

The certificate of designation is not to be disseminated in any other form than the present one. The publication of extracts is subject to approval from the KBA<sup>1</sup>. Only digital copies are permitted. Legally authoritative is only the certificate in A4 format with an original signature.

The technical service is permitted to use the following logo for indication of its designation. Rules for the use of the designation logo must be observed.

Requests regarding the designation can be addressed to

Kraftfahrt-Bundesamt  
Office Dresden  
P.O. Box 12 01 53  
01002 Dresden  
Germany

---

<sup>1</sup> The unmodified publication of the Certificate without annex is excluded from this requirement.

**Catalogue of designated and recognised testing methods (Prüfverfahren)**

(sorted by testing scope (Prüfgebiet) and subscope (Prüfumfang))

The designation incorporates the revision of the regulatory act as given below as well as all further amendments up to publication of a new designation relevant state (see Scope classification directory at [www.kba.de](http://www.kba.de)). Specifications and standards quoted in testing methods as given below are included in the designation.

Categories are used as defined in the respective legal framework acts. Classification A refers to evaluation regarding EN ISO/IEC 17025, classifications B or D - to evaluation regarding EN ISO/IEC 17020 (in the version as given on page 1 of this certificate respectively).

Category V indicates that the technical service is designated for virtual testing. Such designation applies only for procedures listed in the relevant regulatory acts. In this respect, the V-scope might be smaller than the scope characterized by the catalogue index. Designation does not cover the agreement of the approval authority to the validation report.

Scope and categorizing of test procedures refer only to the designation in general and do not allow any conclusions about the scope of possible single sites.
